

MOHAMMAD MANSOUR

Full Stack .NET Developer

00962782398734 | mohamans2002@gmail.com | Amman, Jordan

SUMMARY

Detail-oriented Computer Science graduate with a solid foundation in full-stack web development, specializing in C#, ASP.NET Core, SQL Server, and React.js. Skilled in designing and building scalable web applications using MVC architecture, Entity Framework Core, and RESTful APIs, complemented by hands-on experience with modern frontend technologies. Committed to continuous learning and technical growth through practical, real-world projects. Seeking a Junior Full-Stack .NET Developer role to apply strong problem-solving skills and deliver reliable, high-quality software solutions.

PROJECTS

Guess My Number Game

- Developed a simple interactive browser-based game using HTML, CSS, and JavaScript.
- Implemented basic game logic, user input handling, and dynamic UI updates.
- Gained experience in front-end development, JavaScript fundamentals, and debugging.
- Deployed the project using GitHub Pages.

CERTIFICATES

ASP.NET MVC 8

01/2026 – 07/2026

Step By Step Academy

Completed an intensive 80-hour hands-on program focused on end-to-end web solution development. Designed and implemented relational databases using SQL Server and Entity Framework Core, and developed robust backend systems with C#.NET and ASP.NET Core MVC. Built responsive, user-friendly frontends using HTML5, CSS3, JavaScript, and Bootstrap, successfully delivering fully functional full-stack web applications.
